Index to electronics

VOLUME XXX

January to December Issues Inclusive **1957**

McGraw-Hill Publishing Company, 330 West 42nd St. New York 36

Items for which the page reference is marked "D" are editorial material published monthly in Electrons at Work and Production Techniques.

A

Acoustic, controls tv sets.....156 Mar
Adding, computer, two-collector transistor used for binary addition..214D Oct
AFC, triangular search sweep.....178 Nov
AGC, noise gating tube.....172 May
Airborne infrared warning system measures range, Osborne.....190D June
Airborne searchlight uses electronic controls .....190D June
Aircraft communications methods studied .....194D Apr
Aircraft radiophone speeds communications, Rashkow .....164 Apr
Air-drop system broadcasts message, Fischer, Gerlach & Schover.....179 Mar
Air-ground data link to cut stacking .....194D May
Alarm, antenna, DEW line.....216D Oct
Alarm, auto, ship.....180 Feb
Alignment & Balancing Techniques
Portable voltage ratio calibrator for aircraft transducers .....232D Jan
Tape aids balancing of servo rotors .....254D July
Aluminum, ultrasonic iron solders...168 Oct
A-M programming small stations..146 Feb
Amplifier, see also type, audio, pulse, video, etc.
Amplifier, antenna multicoupler....176 Apr
Amplifier, bathythermometer, transistor .....194D July
Amplifier, chopper-stabilized .....175 Jan
Amplifier, corona .....198D July
Amplifier, d-c, stabilization of.....178 Jan
Amplifier, electro-optical .....210D Aug
Amplifier, ferro, core tester.....150 Aug
Amplifier, high-power .....170 July
Amplifier, inverter, using transistors in supply to power Vanguard rocket .....203D Apr
Amplifier, logarithmic 50-db.....214D Jan
Amplifier, logarithmic, measures noise .....169 Apr
Amplifier, logarithmic, used in measuring corona .....172 Mar
Amplifier magnetic used in ma....204D Jan
Amplifier—modulator, low distortion 180 Sept
Amplifier, oscilloscope .....202D Jan
Amplifier, power, for servo testing..176 May
Amplifier, power, used in air-drop system to broadcast messages.....179 Mar
Amplifier, r-f transistor driven...214D May
Amplifier, r-f, platinotron increases search radar range.....164 Aug
Amplifier selectivity curves, Quandt & Sanders .....188 Aug
Amplifier, semiconductor, low transit time .....190D Sept
Amplifier, silicon transistor, temperature compensation of.....184 July
Amplifier, transistor, chopper-type, d-c, used in missile telemeter...170 May
Amplifier, transistor, for guidance system used on chicken farms.....156 Feb
Amplifier, transistor, for medical recording .....161 Aug
Amplifier, transistor, null detector..184 Feb
Amplifier, transistor, thermistors compensate .....169 Jan
Amplifier, transistor, used in audio induction paging system.....178 Feb
Amplifier, transistor, used in basic logic circuits .....196 Mar
Amplifier, transistor, used with crystal pickups .....181 May
Amplifiers, magnetic, used in high-speed digital computer.....156 Aug
Analog Computer, see also computer
Analysis, circuit, select c-w phase 202D May
Analysis, medical, cardiac.....202D June
Analyzer, pulse, reject voice signals 183 Apr
Analyzer, wide-range, curves.....184 Mar
Anomalous propagation .....224D Apr
Antenna alarm anticipates ice on DEW line .....216D Oct
Antenna, solar-flare detection.....162 Mar
Antenna, balicon, mobile radar.....198D Nov
Antenna, beacon, for missiles.....166 Mar
Antenna multicoupler, amplifier.....176 Apr
Antenna-multiplex system design, Schlegelmilch, Nilssen & Pan....148 July
Antenna, radar, horsepower nomograph for rotators.....188 Jan
Antenna, ridge vane, provides constant beamwidth .....196D Nov
Antenna, sleeve radiator.....208D Mar
Antenna test chamber.....212D Sept
Antenna, transmitter changeover....128 Sept
Antennas, ferrite rod X-band.....159 Jan
Antennas, microwave, decoupling...204D June
Applications of corona effects, Tombs, Chatterton & Galpin.....198D July
Array, see also antenna
Array, X-band antenna, for guided missiles .....166 Mar
Array, S-band antenna, for guided missiles .....166 Mar
Artificial ionosphere .....194D July
Assembly Techniques
Antenna support .....268D Jan
Assembling two-piece vacuum-molded high-fidelity horns....230D Jan
Blow-loading machine puts inserts in molds .....258D Oct
Coated-filler resin speeds encapsulation, Herr & Casement.....258D Aug
Cool ultraviolet shows fungicidal varnish during application....230D Feb
Conductive films .....259D Sept
Double-deck parts cart.....238D Dec
Epoxy adhesive kit.....240D Dec
Expendable wipers clean crystal machines .....256D Oct
Jig transits speed antenna tower welding .....242D Feb
Handling rack for magnetic cores .....254D Jan
Hard-anodizing gives insulation on aluminum .....246D Dec
Inserting r-c networks in plated wiring boards .....260D Sept
Machine inserts components in boards .....238D Nov
Mark-sensing cards aid quality control on tacan assembly lines, Hazard .....232D Feb
Molding pressure seals .....236D Nov
Nylon-insert screws replace locking cement .....254D Nov
Packaging diodes for bridge rectifier .....258D Apr
Plastic cases protect airborne radar jammers .....252D Feb
Portable self-feeding power screwdriver uses cartridge loads....224D July
Press crimps metal electrode over ceramic .....259D Mar
Press speeds assembly of selector switch .....244D Sept
Reciprocating filer remover flash inside welded waveguides.....224D Sept
Rollers in viewer hold large circuit diagrams .....254D Mar
Rubber mat for bench protects assemblies .....234D Jan
Stacking stator laminations of servo motors .....228D Sept
Thread insert speeds probe tip assembly .....250D Jan
Three-D packaging for circuits, Wereb, Jr. .....144D Nov
Turntable speeds assembly of panels .....246D Aug
Welder locks turns on tape core winder .....274D Mar
Wrappable magnetic foil shields relays .....238D Nov
Atmospheric effects or propagation .....208D Mar
Atomic flashlight burns years.....188D Feb
Attenuator box errors, Bishop....214D June
Attenuator, microwave, printed circuit .....216D Mar
Attenuator, pulse, for cro displays.218D Aug
Audio, see also sound, sonic, a-m, f-m
Audio clipper extends coverage seals .....204D Feb
Audio, cordless receiving device...200D Jan
Audio, delay-line .....200D May
Audio induction paging system, Zuck .....178 Feb
Audio, response of crystal pickups...181 May
Audio, transistor phonograph preamplifier .....204D May
Audio, transistorized mixer.....248D Oct
Autoalarm, ship .....180 Feb
Automatic changeover of radio transmitters, Greenwood .....128 Sept
Automatic data plotter for f-m/f-m telemetering, Riblet .....182 Aug
Automatic level controls for tv slide chains, Lambourne .....182 July
Automatic programming in small a-m stations, Miller .....146 Feb
Automatic pulse width control, Porter .....200D Apr
Automation, see also control, computer
Avoiding blown fuses with capacitative loads, Bernstein .....218D Nov

B

Back window cathode ray tube, Dieckert .....202D Nov
Balancing automobile engines ....208D Nov
Basic logic circuits for computer applications, Booth & Bothwell....196 Mar
Bathythermometer amplifier, Cawley, Jr. .....194D July
Bathythermometer telemeters ocean data, Snodgrass & Cawley, Jr....142 May
Batteries, miniaturization of electronic equipment—special report.....196 Oct

Beacon antennas for guided missiles, Barrick & Brannon....166 Mar
Beacon, for guided missiles....144 Apr
Beacons, Vortac, for rho-theta navigation....156 June
Binary-decimal counter operates at 10 mc, Cottrell....186 Nov
Blowers, miniaturization of electronic equipment—special report....194 Oct
Boiler analysis by remote control..212D Mar
Boosting transistor switching speed, Baker....190 Mar
Bridge, chopper-stabilized....175 Jan
Bridge sorts capacitors to tolerance, Breskend, Cooperman & Franklin..177 July
British atomic research uses tv....214D Mar
British color tv tests....195D Jan
Broadcast, see also f-m, a-m, television
Broadcast, automatic changeover of radio transmitters....138 Sept
Broadcast, color tv, sync generator for dot-interlace tv....170 Aug
Broadcast, Conelrad control....190D Jan
Broadcast, generator for ssb system..152 Feb
Broadcast, monochrome slides broadcast color....169 Mar
Broadcast modulation monitor, Mitchum....200D July
Broadcast, radio receiver design simplified by tetrajunction transistor.148 Apr
Broadcast, simultaneous color tv test signal and equipment....146 May
Broadcast, tape recorder selects radio announcements....158 Oct
Broadcast, time signal, sets electric clock....174 July
Broadcast, tower air monitor....190D Jan
Broadcast, transmitter circuits for suppressed carrier a-m....128 Dec
Broadcast, tv, automatic level control for tv slide chains....182 July
Broadcast, tv, intercarrier receiver indicates failure....188 Mar
Broadcast, tv, motion minimizes image orthicon burn-in....180 Aug
Broadcast, tv receiver, noise gating tube for age and sync....172 May
Broadcast, tv, transistors boost video for studio monitors....205 Oct
Buoy telemeters ocean temperature data, Walden, R. G. Ketchum & Frantz, Jr. ....164 June

C

Cables and connectors, miniaturization of electronic equipment—special report....186 Oct
Cables, location detection of, by magnetic field pickup....156 Sept
Calculator, see also computer
Calibration, receiver....194D Sept
Camera, portable tv, transistors synchronize....168 July
Camera, recording, used in training radar observers....146 Sept
Camera, television miniature itv uses drift transistors....138 Jan
Camera, tv, motion minimizes image orthicon burn-in....180 Aug
Cameras, oscilloscope, focusing of..192D Sept
Canada gains computing center...210D Mar
Capacitance, see also capacitor
Capacitance, interelectrode, measurement of by means of tester....220D Apr
Capacitance pickup measures small forces, Dimeff & Fryer....143 Feb
Capacitor insulation resistance....214D July
Capacitors, by vacuum evaporation 270D Nov
Capacitors, sorting to tolerance....177 July
Cardiac analysis....202D June
Cartridges, phono, compliance meter tests....206 Oct
Cascode auto preamplifier, Wirth 234D Oct
Cathode ray tube, back window type....202D Nov
Cathode ray tube, deflection circuit for has high efficiency....172 Apr
Cathode ray tube, tristable gate moves cro line drawings....178 May
C-D alarm....218D Mar
Ceramic, pickup, preamplifier for..260D Aug
Chains, tv film and slide, automatic level control for....182 July
Charts simplify passive d-c filter design, White....160 Dec
Charts, waveguide loss....210 Oct
Checker, tube, grid emission....238D Mar
Choke, wide-swing....202D July
Choosing materials for heat-resistant radomes, Pierson....256D Nov
Chopper, silicon diode, stabilizes d-c amplifier....178 Jan
Chopper-stabilized operational amplifier bridge gages high capacitance..175 Jan
Chromatography, gas, control....164 Nov
Chronograph times supersonic models, Kerwin....152 Apr
Circuit, cascode, uses auto preamplifier for low level r-f and audio application....234D Oct
Circuit components, miniaturization of electronic equipment—special report....188 Oct
Citizen radio frequency, remote control receiver....143 Feb
Clamp, diode, nomograph....188 Sept
Clamp-on microammeter measures a-c current, Montgomery & Stansbury 152 Dec
Clip-on milliammeter uses magnetic amplifier, Frei....204D Jan
Clipper, audio, extends transmitter coverage....204D Feb
Clock, crystal, for computer....196D June
Clock, electric, set by time-signal broadcast....174 July
Cloud detector for earth satellite..218D Oct
Coaxial line impedance chart, Levin.190 Nov
Coaxial stub design, Young....188 July
Code, Morse-to-teleprinter....154 July
Coil Production Techniques
Coil-coating machine applies butyrate tire....248D July
Coil winder for miniature toroids, Geodykoontz....256D Jan
Drying toroid cores....264D Oct
Impregnating toroids for high temperatures, Deimel....240D June
Installing coils in servo motor stator....252D Sept
Pecan-shell blast removes enamel from coils on conveyor....252D Mar
Plug-in toroid assembly techniques, Rose....260D Mar
Rubber pad saves transformer coils....274D Oct
Winding servo motor coils on aluminum take-apart mandrel....224D June
Coils, pickup, used in chicken farm guidance system....166 Feb
Coincidence circuit, magnetic core.194D Aug
Color tv, flat tube for....190D Feb
Color tv, monochrome slides broadcast color....169 Mar
Color tv system uses flying-spot scan, Mate....138 Feb
Colorimiter, Bi, used for broadcasting color from monochrome slides....169 Mar
Communication, a-f induction....180 June
Communication, speech compressor..168 Feb
Communications, aircraft, air-ground data link to cut stacking....194D Apr
Communications, aircraft, methods studied....194D Apr
Communications, aircraft, speed of by radiotelephone....164 Apr
Communications, artificial ionosphere....194D July
Communications, below 30 mc, noise measurement of by logarithmic amplifier....169 Apr
Communications, call letters....224D May
Communications, German railway semaphores replaced by radio...194D Jan
Communications, ionospheric....144 June
Communications, mobile....214D Feb
Communications, Morse-to-teleprinter code converter....154 July
Communications, probability computer measures atmospheric noise....208 Oct
Communications, radio link uses meteor trails....192D Aug
Communications, receiver, distributed amplifier as antenna multicouplers.176 Apr
Communications, scatter, transmitter tuned by distortion indicator....180 Sept
Communications, single sideband links Canadian traders....174 Oct
Communications, superregenerative 6-meter transistor transceiver....180 Apr
Communications, telephone, rural carrier system uses transistors....146 Aug
Communications, thyratrons oust rotary selector in mobile phone....150 Nov
Communications, transistor multiplex radio-teletypewriter....150 Sept
Communications, tv industrial, slow-scan adapter for conventional tv signals....153 June
Compact supplies have wide-range regulation, Schreiber....168 Dec
Components, miniaturization of electronic equipment—special report..188 Oct
Components, high temperature....158 May
Components, radiation effects....244D Mar
Compensating silicon transistor amplifiers, Gordon....184 July
Compliance meter tests phono cartridges, Kopp....206 Oct
Compounds, semiconductive....144 Nov
Compressor, instantaneous speech...168 Feb
Computation, circuit uses silicon diodes as logarithmic converter...196D Aug
Computer, analog-digital, used in Morse-to-teleprinter code converter....154 July
Computer, basic logic circuits for...196 Mar
Computer, counters select drum sectors....161 Apr
Computer delay unit uses semiconductors, Seism....173 July
Computer, digital printer....182 June
Computer, digital, unijunction transistor forms flip-flop....165 Sept
Computer, for noise measurement....208 Oct
Computer, high-speed digital....156 Aug
Computer, stores 2.5 magabits....162 Oct
Computer inventories oil in refinery tanks, Gimpel & Barton....143 Oct
Computer, puncher transcribes computer output....164 Dec
Computer selects premium bond winners, Hayward, Bubb & Fensom..138 July
Computer solves power dispatch problem....196D Feb
Computer techniques used in ship autoalarm....180 Feb
Computer, two-collector transistor for binary full addition....214D Oct
Computers, digital, checking....206D Sept
Computers, ferrite cores of memory planes, printed wiring....160 June
Computers, read-out device....216D Sept
Computers, storage technique....216D Sept
Condenser, see also capacitor
Conductor size and spacing for printed circuits, Merson....178D Dec
Control, air traffic, microwave remotes aid....144 July
Control, airborne searchlight....196D June
Control, automatic changeover of radio transmitters....138 Sept
Control, automatic, programming in small a-m stations....146 Feb
Control, automatic, pulse width...200D Apr
Control, checking tube vibration..224D Feb
Control, circuit, for fuel injection..192D Feb
Control, crowbar, transmitter....175 June
Control, demodulator limiter....155 Sept
Control, medical, iron-lung....180 July
Control, oven thermostat....222D Oct
Control, power, low-mu triodes....204D Aug
Control, projector synchronism....143 Sept
Control, radio, navigation trainer..172 Sept
Control, radio, used in toys....190D Sept
Control, reactor, uses transistors..246D Oct
Control, radio announcements....158 Oct
Control, temperature gas....164 Nov
Control, temperature, crystals....164 Feb
Control, transistorized lab relay....168 Aug
Control, ultrasonic, gong, tv....156 Mar
Control, video recording, used in tape recorder with revolving heads....138 Aug
Controlled flash helps land planes..192D Apr
Conelrad control....190D Jan
Conversion formulas for hybrid parameters, Sylvan....188 Apr
Conversion, logarithmic....196D Aug
Converter, conventional tv signal into slow-scan signal....153 June
Converter, Morse-to-teleprinter code..154 July
Cooling, electronic equipment....194D Nov
Cordless audio receiving device....200D Jan
Core, magnetic, coincidence circuit..194D Aug
Core tester simplifies ferro-amplifier design, Roberts & Horstman....150 Aug
Cores, ferrite, memory plane....166 June
Cores, material....156 Aug
Corona, effects, applications of..198D July
Corona, measurement of....172 Mar
Coupling, d-c, method of....198D Apr
Counter, binary-decimal, 10 mc....186 Nov
Counter circuits analyze ignition, Weller, Jr., Schubring & Fitch....150 May
Counter, preset gating unit....164 May
Counter, ring, transistor....150 Sept
Counter, transistor forms flip-flop..165 Sept
Counter, transistor, high-reliability.171 June
Counter, transistor, light actuated.212D Mar
Counter, used in chronograph....152 Apr
Counters select magnetic drum sectors, Strassman & King....161 Apr
CRO, see also cathode ray, oscilloscope, crt, tube
CRO, gate moves in line drawings..178 May
CRO, pulse attenuators for....218D Aug
CRT, see also cathode-ray, oscilloscope, cro, tube
CRT deflection circuit has high efficiency, Guggi....172 Apr
Crystal clock for airborne computer, Pederson....196D June
Crystal, three oscillator designs standardize circuitry....177 Aug
Crystals, silicon, growing....164 Feb
C-W, phase, selector chooses....202D May

D

DART, telemeters weather data..196D Sept
Data transmitters speed ticket reservations....192D Apr
D-C transformer....224D May
Decoupling between microwave antennas, Harris....204D June
Defense inventions....198D Jan
Deflection, crt, high efficiency....172 Apr
Deflection, magnetic, 21-inch scope..159 July
Delay, computer unit....173 July
Delay-line audio....200D May
Delay lines, miniaturization of electronic equipment—special report..187 Oct
Delay, torsional wave delay lines..212D July
Delta-wire transistor receiver....192D Sept
Demodulator-limiter for control system signals, Johanson....155 Sept
Demonstration neon multivibrator, Orr....198D June
Design, amplifier, selectivity curves.188 Aug
Design and manufacture of practical filter circuits, Boyle....154 Dec
Design, cascode auto preamplifier..234D Oct
Design, charts simplify passive d-c filter design....160 Dec
Design, coaxial impedance chart....190 Nov
Design, coaxial stub....188 July
Design, Colpitts crystal oscillator....146 Jan
Design, diode-clamp nomograph....188 Sept
Design, ferro-amplifier....150 Aug
Design, grounded-grid operation..230D Aug

Design, helical scan nomograph....186 July
Design, high-power amplifier.....170 July
Design, high-temperature subassembly .....158 May
Design, L-network .....186 Feb
Design, magnetic amplifier.....156 Aug
Design, matching crystal pickups..181 May
Design, miniaturization of electronic equipment—special report .....177 Oct
Design of the month
Ceramic vacuum relay.....216D Dec
Connector .....230D Apr
Missile-locating beacon .....228D May
Noise tube .....242D Aug
Self-locking connector .....254D Oct
Socket for ceramic triode.....226D Sept
Solder feed .....224D June
Stepper switch .....254D Mar
Strain cells .....236D Nov
Transducer .....226D July
Design, oscillator, standard.....177 Aug
Design, parallel—T nomograph.....192 Nov
Design, radiation effects.....250D Oct
Design, receiver, transistor.....148 Apr
Design, transistor transformer nomographs .....204 Mar
Design, transistorized lab relay.....163 Aug
Design, waveguide loss charts.....210 Oct
Designing airborne equipment for vibration, Mercurio, Jr. & Belby....166 Jan
Designing electronics to resist nuclear energy, Morgan .....155 May
Designing oscillators for greater stability, Witt, Jr.....180 Nov
Detector, buried cables.....156 Sept
Designing tapered waveguide transitions, Migliaro .....183 Nov
Detector, ducts and pipes.....172 Jan
Detector, high sensitivity .....184 Feb
Detector, infrared, diagnosis.....155 Oct
Detector, intercarrier, alarm.....188 Mar
Detector, noise level .....168 Sept
Detector, phase, transistor.....196D July
Detector, solar-flare, for IGY.....162 Mar
Detector, DEW astenna alarm....216D Oct
Determining grounded-grid operation, Agresti .....230D Aug
DEW, antenna alarm.....216D Oct
Dictating machine .....206D May
Dielectric recorder uses simple pickup .....200D Nov
Digital-analog converter provides storage, Putsch, Raper & Suran.....148 Dec
Digital Computer, see also computer
Digital computer, airborne.....173 July
Digital computer, ERNIE.....138 July
Digital data processing, counters select magnetic drum sectors.....161 Apr
Digital printer boosts readout time, Gettings .....182 June
Diode-clamp nomograph, Myers....188 Sept
Diode, silicon, chopper stabilizes....178 Jan
Diodes, silicon, logarithmic.....196D Aug
Diodes, silicon, protect meters.....224D Oct
Discriminator, speech-music .....183 Apr
Display, back window.....202D Nov
Distortion, indicator, uhf.....180 Sept
Distributed amplifiers as antenna multicouplers, Pfund, Jr.....176 Apr
Double sideband, a-m, aircraft....194D Apr
Double sideband, transmission, telephone, rural carrier system uses..146 Aug
Driving simulator shows crash hazards, Schwartz .....192D June
Drone, for testing missiles.....182 Mar
Drum, magnetic, sector.....161 Apr
Dual-purpose circuitry cuts transceiver size, Wulfsberg & Kirkpatrick....134 Dec
Dual-triode tester measures tube balance, Ives .....194 Mar

E

Effects of radiation.....244D Mar
Egg candler .....218D Jan
Electrocardiograph, see also medical electronics
Electromechanical components, miniaturization of electronic equipment—special report .....193 Oct
Electronic crowbar protects transmitter, Wenner .....175 June
Electronic equipment, miniaturization of, special report.....177 Oct
Electronic organ uses shared oscillators, George & Cutler.....167 May
Electronic shutter for tv kinescope recorder, Crocker .....186 May
Electronics controls gas chromatography, Donner .....164 Nov
Electron Tube, see also tube
Electro-optical amplifier .....216D Aug
Electrostatic generator has high stability, Gignoux .....192D July
Electrostyl writer .....206D June
Emission, grid, tester checks for....238D Mar
Emission, secondary, heaterless tubes use .....196D Jan
Enclosure, shielded, for testing aircraft and missiles.....236D Aug
Engineers work in altitude simulator .....180D Dec
Engines, automobile, balancing of..208D Nov
Engines, circuits analyze ignition....150 May
English independent tv takes air..196D Apr
Equipment, electronic, miniaturization of, special report.....177 Oct
ERNIE, computer selects winners...138 July
Errors, attenuator .....216D June
Exact calibration from a standard, Simonsen .....194D Sept
Experimental microwave .....224D Jan
Extend output with regulated flip-flop, Hofheimer .....182D Dec

F

Failure indicators .....192D Jan
Ferractor, magnetic amplifier.....156 Aug
Ferrite-core, binaries, ERNIE.....138 July
Ferrite-rod antennas operate in X-band, Reggia Spencer, Hatcher & Tompkins .....159 Jan
Ferrites, lossy transmission line...204D Apr
Field direction oscillator, Lewis & Rader .....208D Feb
Field Strength, see also propagation
Film reader measures recorded radar echoes, Shapiro .....154 Jan
Filters, design and manufacture of practical filter circuits.....154 Dec
Flat-field generator speeds color tv testing, Cook .....139 Dec
Flattening response of crystal pickups, Cieland .....181 May
Flat tube suitable for color tv.....190D Feb
Flight simulator tests fire-control radars, DeMyer .....168 June
Flip-flop, unijunction transistor.....165 Sept
Fluid-cooling an airborne transmitter, Humfeld .....170 July
Flush-mount antenna .....202D May
F-M, automatic data plotter.....182 Aug
F-M, Conetrad control.....190D Jan
F-M, microwave traffic control.....144 July
F-M, ultrasonic progagation test....143 Jan
F-M voltage-tuned magnetron.....162 May
Focusing oscilloscope cameras, Nail .....192D Sept
Fork-driven dual tone standard, Kretzman .....196D Feb
Forty-meter transistor transmitter 191D Feb
Frequency, calibration .....194D Sept
Frequency Modulation, see also f-m, broadcast, etc.
Frequency, monitoring, mobile FCC...152 Oct
Frequency standard, portable transistor .....194D June
Fuel injection triggered by engine needs .....192D Feb
Fuses, avoiding blown .....218D Nov

G

Gage, strain, system for aircraft telemetering .....170 Oct
Galactic noise affects tv receivers 198D Aug
Gamma-ray monitor has high reliability, Jackson & Suran .....170 Nov
Gas discharge tube, see also tube
Gate, tristable, cro.....178 May
Gate tube generates interleaved pulse chain, Kushner .....186 Apr
Gating, noise tube, for a-c and sync 172 May
Generator, signal, see also type, audio, pulse, video, sweep, etc. and oscillator
Generator, comic face cro.....178 May
Generator, electrostatic .....192D July
Generator, gate tube .....186 Apr
Generator, phase, resistive shifter..175 Nov
Generator, pulse, uses transistors..176 Sept
Generator, sweep, transistor.....202D Aug
Generator, sync, for tv.....170 Aug
Generator, sync, itv systems.....174 Mar
Generator, tone, organ.....167 May
Generator, transistor, pulse.....180 Jan
Generator, ultrasonic, brewery.....162 July
Generator, vhf, vif oscillator keys..184 May
Generators, synchronization, tv....168 July
Generators, voltage-controlled pulse, used in voltage regulators.....184 Sept
Germanium, see also transistor
Graphic construction finds clear i-f, Hargreaves, Jr. .....170 Dec
Grid-operated thyratron, Boyarsky .....214D Mar
Ground-controlled drone tests missiles, Warren & Corden .....182 Mar
Grounded-grid operation.....228D Aug
Guidance, Nike-Hercules .....208D Feb
Guided missile, beacon for.....144 Apr
Guided missile, long-range, atmospheric effects on propagation....208D Mar
Gun, color crt, low voltage.....204D Nov

H

Heater surge chart, Feyerherm....188 June
Heaters, induction, thyratron.....152 July
Heaterless tubes use secondary emission .....190D Jan
Helical scan nomograph, Wood....186 July
High Fidelity, see also audio
High-frequency circuits use meltback tetrodes, Baker .....177 June
High-reliability transistorized counter, Chisholm .....171 June
High-speed computer stores 2.5 megabits, Papian .....162 Oct
High-speed strobe checks tube vibrations, Leib & Ritchey.....224D Feb
High-temperature subassembly design, Kleburtz .....158 May
Horsepower nomograph for radar antenna rotators, Peay.....188 Jan
How to design Colpitts crystal oscillators, Gruen .....146 Jan
How transistors operate under atomic radiation, Riddle .....125 Dec
Hybrid parameters, formulas .....188 Apr

I

Ice, antenna alarm DEW line....216D Oct
Ignitron, rectifier for locomotives..220D Mar
Impedance, coaxial line, chart.....190 Nov
Indicator, distortion, used for tuning uhf transmitter .....180 Sept
Indicator, for motor speeds.....188 May
Indicator, meter, protected by silicon diodes .....224D Oct
Indicator, radar range, uses phase shift oscillator .....160 Oct
Indicator, rate-of-climb, uses doppler radar .....150 June
Indicator simplifies color tv tuning, Goldberg .....194D Nov
Indicators, failure, for broadcast interlock circuits .....192D Jan
Induction, audio pacing system....178 Feb
Inexpensive oven thermostat, Crane .....222D Oct
Infrared camera .....184D Dec
Infrared, measures range.....190D July
Infrared detector aids medical diagnosis, Osborne .....155 Oct
Infrared, r-f supply for viewers....163 Nov
Instantaneous speech compressor, Rutherford .....168 Feb
Instrument aircraft, rate-of-climb meter .....150 June
Instrument, compliance meter tests phono cartridges .....206 Oct
Instrument, flight simulator, tests fire-control radars .....168 June
Instrument, measuring parameters of junction transistors .....174 Aug
Instrument, temperature control, for gas chromatography .....164 Nov
Instrument, test equipment for transistor production check .....148 Oct
Instrument, transistor beta tester..212D Aug
Insulation, capacitor, resistance of..214D July
Integrating circuit for direct recorder, Gilson & Andrea.....216D Feb
Intercarrier failure rings alarm, Atwood .....188 Mar
Interelectrode capacitance tester, Martin & Meth .....220D Apr
Interference, radio, caused by solar-flare .....162 Mar
Interlace, dot, sync generator for color tv .....170 Aug
Inventions, defense .....198D Jan
Inverter, transistor, used to power Vanguard rocket .....202D Apr
Ionosphere, see also propagation
Ionosphere artificial .....194D July
Iron dust magnet .....250D Mar
Irradiated polyethylene .....246D Mar
Isolation, tv receivers.....148 July

J

Jacks, panel, miniaturization of electronic equipment—special report 195 Oct
Juke-box and tape automatic radio shows, Birch .....156 Nov
Junction transistor, see also transistor

K

Kinescope, tv, recorder, electronic shutter for .....186 May
Klystron, see also tube

L

L-network design, Mathis ..... 186 May
Large shielded enclosure, Costello & McMichael ..... 236D Aug
Launching intercommunicator ..... 196D Apr
Legal medium ..... 228D Jan
Level indicator uses x-rays ..... 196D Jan
Light actuated counter grant ..... 212D Mar
Light, direction measurement of ..... 165 July
Light, radio ..... 212D May
Limiter, demodulator ..... 155 Sept
Lines, delay, torsional wave ..... 212D July
Link, air-ground data ..... 194D May
Link, White Alice, Alaska ..... 192D Jan
Links, scatter circuits ..... 200D May
Logarithmic amplifier has 50-db range, Kohl ..... 214D Jan
Logarithmic amplifier measures noise, Wells ..... 169 Apr
Logarithmic amplifier, measuring cornea by means of a ..... 172 Mar
Long scope probes using passive elements, Santelmann & Hingston ..... 206D Sept
Lossy transmission line filter uses ferrites, Shive ..... 204D Apr
Low-mu triodes control power, Dagelman ..... 204D Aug
Low-power drives p-a, Dlugatch ..... 214D May
Low temperature effects ..... 196D Apr
Low transit time semiconductor amplifier ..... 199D Sept
Low-voltage color-tube gun ..... 204D Nov
Luminous panels ..... 202D Feb

M

Machining Techniques
Cutting sponge rubber into long strips with pinking machine ..... 252D Oct
Drilling fixture ..... 254D Apr
Drilling holes in servo housings three-at-a-time ..... 226D May
Grinding servo stators ..... 246D May
Set screws speed centering of punch ..... 280D Oct
Ultrasonic machining of ceramic spacers for vacuum tubes ..... 254D Oct
Waveguide bender uses clockspring-steel mandrel, Palmisano ..... 226D May
Magic tee technique refines load matching, Macpherson ..... 230D Nov
Magnetic components, miniaturization of electronic equipment—special report ..... 191 Oct
Magnetic computer has high speed, Bonn ..... 156 Aug
Magnetic core coincidence circuit, Freedman ..... 194D Aug
Magnetic drum, counters select sectors of ..... 161 Apr
Magnetic field pickup follows buried cables, Webster & Carroll ..... 156 Sept
Magnetic-optical sound recording ..... 192D Aug
Magnetic, radiation effects on magnetic materials ..... 250D Oct
Magnetic tape, see also recorder, recording, tape recording
Magnetic tape controls projector synchronism, Whitaker ..... 143 Sept
Magnetically deflected 21-inch oscilloscope, O'Kelley & Todd ..... 159 July
Magnetron, see also tube
Magnetron, voltage-tuned, f-m ..... 162 May
Manometer, movable-anode tube ..... 232D Mar
Matching, load, magic tee ..... 230D Nov
Materials, magnetic, radiation effects on ..... 250D Oct
Materials, miniaturization of electronic equipment—special report ..... 185 Oct
Measurement, see also meter, instrument, test equipment
Measurement, atmospheric noise ..... 208 Oct
Measurement, attenuator errors ..... 216D June
Measurement, buoy telemeters ocean temperature data ..... 164 June
Measurement, capacitors ..... 177 July
Measurement, decoupling between microwave antennas ..... 204D June
Measurement, frequency, for FCC ..... 152 Oct
Measurement, heartbeat ..... 161 Aug
Measurement, height and temperature of oil in refinery tanks, by computer ..... 143 Oct
Measurement, interelectrode capacitance by means of tester ..... 220D Apr
Measurement, light direction ..... 165 July
Measurement, minority-carrier life in semiconductor materials ..... 145 Aug
Measurement, neutron flux density ..... 246D Oct
Measurement, ocean temperature ..... 142 May
Measurement, of elastic moduli ..... 214D Sept
Measurement, of noise by means of logarithmic amplifier ..... 169 Apr
Measurement, of transistor beta ..... 212D Aug
Measurement, parametric, transistor ..... 148 Oct
Measurement, preset gating unit ..... 164 May
Measurement, range, infra-red ..... 190D July
Measurement, rocket telemeters weather data ..... 196D Sept
Measurement, simultaneous color tv test signal ..... 146 May
Measurement, stroboscope measures shaft torque ..... 147 June
Measurement, transistor beta ..... 198D May
Measurement, transistor symmetry ..... 209D Sept
Measurement, weather bureau telemetering system is balloon borne ..... 158 Sept
Measuring, see also measurement, meter instrument, test equipment
Measuring, analyzer measures attenuation characteristics of filter and other networks ..... 184 Mar
Measuring, blood-pressure ..... 232D Mar
Measuring, capacitance pickup ..... 143 Feb
Measuring, clamp-on microammeter measures a-c ..... 152 Dec
Measuring corona from radioactive point, Hendrick, Jr., Martin & Chapman ..... 172 Mar
Measuring elastic moduli by ultrasonics ..... 214D Sept
Measuring parameters of junction transistors, Hendrick ..... 174 Aug
Measuring recorded radar echoes ..... 154 Jan
Measuring, reference generators for ssb systems ..... 152 Feb
Measuring, spot scanner counts micron-sized particles ..... 142 Dec
Measuring spot weld current, by use of toroid ..... 132 Dec
Measuring, tube balance ..... 194 Mar
Measuring, vf sweep generator determines power-gain parameter of transistor ..... 201 Mar
Mechanized production of tv wiring boards, Markus ..... 138 Apr
Medical electronics, infrared detector aids diagnosis ..... 155 Oct
Medical electronics, tones monitor heart's electrical action ..... 160 Nov
Megawatt broadcast beam triode ..... 216D Mar
Memory, see also storage
Memory, 2.5 megabits ..... 162 Oct
Memory planes, three-dimensional printed wiring for ..... 160 June
Metal detector checks fabrics ..... 192D June
Metal detector finds ducts and pipes, Todd ..... 172 Jan
Meter, see also instrument, test equipment, measurement, measuring
Meter, clamp-on, microammeter measures a-c ..... 152 Dec
Meter, compliance, tests phono cartridges ..... 206 Oct
Meter, digital frequency, uses high-reliability counter ..... 171 June
Meter, ma., magnetic amplifier ..... 204D Jan
Meter, rate-of-climb ..... 150 June
Meter shows current drift from nominal, Geiser ..... 192D Dec
Meters, protected by silicon diodes ..... 224D Oct
Microphone, ultrasonic, tv sets ..... 156 Mar
Microphones, miniaturization of electronic equipment—special report ..... 194 Oct
Micropotentiometer ..... 210D May
Microwave circuits, miniaturization of electronic equipment—special report ..... 180 Oct
Microwave, platinotron increases search radar range ..... 164 Aug
Microwave, printed circuit attenuator for ..... 216D Mar
Microwave remotes aid air traffic control, Peterson, Ulander, Hargis & Hajic ..... 144 July
Miniature itv camera uses drift transistors, Flory, Gray, Morgan & Pike ..... 138 Jan
Miniaturization of electronic equipment—special report, Findlay ..... 177 Oct
Design ..... 178 Oct
Materials ..... 185 Oct
Cables & Connectors ..... 186 Oct
Circuit components ..... 188 Oct
Magnetic components ..... 191 Oct
Electromechanical components ..... 193 Oct
Panel components ..... 195 Oct
Power supplies ..... 196 Oct
Relays ..... 199 Oct
Tubes and transistors ..... 200 Oct
Production ..... 202 Oct
Missile, DART, used to gather weather data ..... 196D Sept
Missile, drone tests ..... 182 Mar
Missile, beacon antennas for ..... 166 Mar
Missile, subminiature beacon for ..... 144 Apr
Missile, ship, stabilization ..... 138 June
Missile, target for tests ..... 141 Nov
Missile telemeter uses transistor amplifier, Porter ..... 170 May
Missiles, strain gage system for ..... 170 Oct
Mixer, audio, transistor ..... 248D Oct
Mobile communications impulse signaling, Olson ..... 214D Feb
Mobile monitor covers tv stations for FCC, Day ..... 152 Oct
Mobile radar uses balloon antenna ..... 198D Nov
Models, ship, navigation trainer ..... 172 Sept
Modular, series gate, transmitter ..... 167 Nov
Modulation, broadcast monitor ..... 200D July
Modulation, chopper, corona ..... 172 Mar
Modulator, fuel injection control ..... 192D Feb
Moduli, elastic, ultrasonics ..... 214D Sept
Monitor, broadcast modulation ..... 200D July
Monitor, gamma-ray ..... 176 Nov
Monitor, mobile tv ..... 152 Oct
Monitor, muscles control ..... 180 July
Monitor, tower-air, broadcast ..... 196D Jan
Monitor, tv studio, boost video ..... 205 Oct
Monitoring, heart's action ..... 160 Oct
Monochrome slides broadcast color, Covington ..... 169 Mar
Monovibrator has fast recovery time, Aronson & Chong ..... 158 Dec
Morse-to-teleprinter code converter, Smith-Vaniz & Barrett ..... 154 July
Motion minimizes image orthicon burn-in, Wilner ..... 180 Aug
Motor, pen, rectilinear recording ..... 159 Feb
Movable-anode tube ..... 232D Mar
Multicoupler, antenna, amplifier ..... 176 Apr
Multiplex, antenna, system design ..... 148 July
Multiplexing, microwave remotes aid air traffic control ..... 144 July
Multiplexing, sound and video ..... 151 Jan
Multiplexing, transistorized radioteletypewriter ..... 150 Sept
Multivibrator, neon demonstration ..... 198D June
Multivibrator, transistor ..... 184 Sept
Multivibrator, transistorized, sensory aid ..... 162 Feb
Multivibrator, unijunction, flip-flop ..... 165 Sept
Muscles control iron-lung operation, Montgomery ..... 180 July
Music-pulse analyzer rejects voice signals, Ives ..... 183 Apr

N

Navigation, Vortac beacons for ..... 156 June
Navigation trainer controls ship models, Rich ..... 172 Sept
New radars speed traffic control ..... 196D Jan
Nike-Hercules guidance ..... 208D Feb
Noise, aircraft and missiles ..... 236D Aug
Noise, atmospheric, measurement ..... 208 Oct
Noise, galactic tv receivers ..... 198D Aug
Noise gating tube for agc and sync, Spracklen Stroh & Wood ..... 172 May
Noise, log amplifier measures ..... 169 Apr
Noise, receiver detects signal below noise level ..... 168 Sept
Nomograph, amplifier selectivity curves ..... 188 Aug
Nomograph, diode-clamp ..... 188 Sept
Nomograph, helical scan ..... 186 July
Nomograph, horsepower for radar antenna rotators ..... 188 Jan
Nomograph, parallel-T ..... 192 Nov
Nomograph, reflection point and angle for propagation ..... 184 Jan
Nomograph transistor transformer design ..... 204 Mar
Nuclear, designing electronic equipment to resist radiation ..... 155 May
Nuclear, transistor reactor control ..... 246D Oct
Null detector, transistor ..... 184 Feb

O

Oil measurement, height and temperature ..... 143 Oct
One-day memory ..... 210D Feb
Operational bridge gages high capacitance, Konigsberg ..... 175 Jan
Optical, electro-, amplifier ..... 210D Aug
Organ, electronic, shared oscillators ..... 167 May
Oscillator, Colpitts crystal, design ..... 146 Jan
Oscillator, crystal, stable ..... 216D Sept
Oscillator, design, stability ..... 180 Nov
Oscillator, field direction ..... 208D Feb
Oscillator, increases radar range ..... 164 Aug
Oscillator, phase shift, radar range ..... 160 Oct
Oscillator, standard design ..... 177 Aug
Oscillator, transistor, tuned ..... 218D Feb
Oscillator, tuning, fork-driven ..... 196D Feb
Oscillator, ultrasonic, tracking fish ..... 156 Apr
Oscillator, vif, keys vhf generator ..... 184 May
Oscillator, wobble, tv ..... 194D Aug
Oscillators, crystal, transistor ..... 218D Oct
Oscillators, electronic organ ..... 167 May
Oscillators, 400 kc and 1.6 mc chronograph ..... 152 Apr
Oscillators, high-power, to heat tube elements ..... 152 July
Oscillograph, see also recorder-pen
Oscillograph analyzes cutter ..... 204D Jan
Oscillograph, pen motor for rectilinear recording ..... 159 Feb
Oscilloscope amplifier ..... 202D Jan
Oscilloscope, camera, focusing of ..... 192D Sept
Oscilloscope, display, attenuators ..... 218D Aug
Oscilloscope, probe for ..... 206D Sept
Oscilloscope, 21-inch, magnetically-deflected ..... 159 July
Over-horizon propagation, see also propagation

P

Pads, see also attenuators
Paging system, audio induction ..... 178 Feb
Packages, circuit, miniaturization of electronic equipment—special report ..... 203 Oct
Packages, power supply, miniaturization of electronic equipment—special report ..... 198 Oct

Panel components, miniaturization of electronic equipment—special report ..... 195 Oct
Parallel-T nomograph, Carter ..... 192 Nov
Parameters, measurement of, in junction transistors ..... 174 Aug
Parameters, hybrid, conversion formulas for ..... 188 Apr
Patents, pertinent ..... 216D July
Patents, pertinent ..... 216D Sept
Pen motor for rectilinear recording, Massa & Massa ..... 159 Feb
Pen recorder resolution increase, Diamantides ..... 210D Nov
Perfect metals ..... 218D Apr
Pertinent patents, Chaffin ..... 216D July
Pertinent patents, Chaffin ..... 216D Sept
Phase, c-w, selector chooses ..... 202D May
Phase generator has resistive shifter, Pihl ..... 175 Nov
Phase-shift oscillator indicates radar range, Barritt ..... 160 Oct
Phono, meter tests cartridges ..... 206 Oct
Phonograph, preamp ..... 209D Aug
Phonograph, transistor, preamp ..... 204D May
Photocell measures light direction, Wallmark ..... 165 July
Photocell, auto mirror ..... 196D July
Photocell, lights and marks ..... 162 Feb
Photoelectric target for missile tests, Dorsey ..... 141 Nov
Photograph, projector synchronism ..... 143 Sept
Photography, video recorder ..... 146 Sept
Photography, video scanner ..... 154 Aug
Phototube checks razor blades in production ..... 190D June
Phototubes count buses ..... 188D Dec
Pickup, crystal, response of ..... 181 May
Pickup, magnetic field, follows buried cables ..... 156 Sept
Pickup, phono, ceramic, preamp ..... 209D Aug
Pickup, dielectric recorder ..... 206D Nov
Planes land no-hands on carrier deck ..... 194D Apr
Plant observed by itv ..... 210D July
Plastic envelope, work orders ..... 268D Nov
Platinotron increases search radar range, Brown ..... 164 Aug
Plotter, f-m/f-m telemetering ..... 182 Aug
Plugs, panel, miniaturization of electronic equipment—special report ..... 195 Oct
Polygraph, integrating circuit for ..... 216D Feb
Portable tv station for remote pickups, Flory, Gray, Morgan & Pike ..... 170 Feb
Portable transistor frequency standard, Beyer ..... 194D June
Power amplifier for servo testing, Diamond ..... 176 May
Power control, triodes ..... 204D Aug
Power, in tv receiver, reduced ..... 172 Apr
Power, luminous, radio waves ..... 212D May
Power, r-f amplifier ..... 214D May
Power Supply, compact supplies have wide-range regulation ..... 168 Dec
Power supply, design of ..... 203D Apr
Power supply, r-f, infrared ..... 163 Nov
Power supplies, miniaturization of electronic equipment—special report ..... 196 Oct

Printed Circuit Techniques

Blank cards serve as printed circuit breadboards, Lindgreen & Osborn ..... 234D Nov
Drilling pantograph ..... 242D Jan
Electronic printer for etched slot antennas, Isaacson & Hoffman ..... 238D July
Localized plating of etched wiring ..... 236D Feb
Molded flush wiring for printed circuits, Bell ..... 266D Oct
New materials cut drafting costs for printed circuits, Shuster ..... 252D Mar
Phototube-controlled drilling machine for printed-wiring boards ..... 230D Jan
Printer eliminates drying of resist on printed wiring boards ..... 226D Sept
Quick-change drills for printed-circuit boards ..... 226D July
Sealless plastic pumps feed acid to Wiring-board etcher ..... 228D Apr
Transparent polyethylene bags protect printed circuits ..... 214D Dec
Universal etched circuit for plug-in units, Wise & Bequaert ..... 236D June
Wiring board press uses tape control ..... 236D Jan
Probability computer for noise measurement, Sullivan & Wells ..... 208 Oct
Probe, scope, passive ..... 206D Sept
Production, core tester ..... 150 Aug
Production, miniaturization of electronic equipment—special report ..... 202 Oct
Production, 3-D printed wiring ..... 160 June
Production titles ..... 278D Oct
Profile cutter makes multiple copies ..... 200D Feb
Programming, small a-m stations ..... 146 Feb
Projector, synchronization of ..... 143 Sept
Propagation, anomalous ..... 224D Apr
Propagation, atmospheric effects ..... 208D Mar
Propagation, nomograph, reflection point and angle ..... 184 Jan
Propagation, problems solved in using radiophone to speed aircraft communications ..... 164 Apr
Propagation, ridge vane antenna provides constant beamwidth ..... 196D Nov
Propagation, scatter circuits ..... 200D May
Propagation, ultrasonic f-m tests ..... 143 Jan
Preamplifier, cascode auto ..... 234D Oct
Preamplifier for ceramic pickups, Newitt ..... 209D Aug

Preamplifier, see also amplifier

Preamplifier, transistor, phono ..... 204D May
Precise heat for growing silicon crystals, Davis, Alden and Wyeth ..... 164 Feb
Precision spotwelder handles metal foils, Robinson ..... 150 Feb
Preset gating unit for aeroballistic testing, Dorsey ..... 164 May
Printed circuit microwave attenuator, Fallon ..... 216D Mar
Printed circuits, miniaturization of electronic equipment—special report ..... 179 Oct
Printer, digital, boosts readout ..... 182 June
Pulse analyzer, music, for rejection of voice signals ..... 183 Apr
Pulse attenuators for cro displays, McFarlane ..... 218D Aug
Pulse chain, interleaved ..... 186 Apr

Pulse generator, see also generator

Pulse generator, uses junction transistors, Fuller ..... 176 Sept
Pulse voltage regulator, uses multivibrators ..... 184 Sept
Pulse width, automatic control ..... 200D Apr
Pulsed f-m tests ultrasonic propagation, Unterberger ..... 143 Jan
Pulsed light tests minority-carrier life, Armstrong ..... 145 Aug
Puncher transcribes computer output, Palmer & Propster, Jr ..... 164 Dec
Rush-pull transistor radio ..... 190D July

R

Radar, DEW, antenna alarm ..... 216D Oct
Radar, artificial ionosphere ..... 194D July
Radar, doppler, rate-of-climb meter ..... 150 June
Radar echoes, measurement ..... 154 Jan
Radar, flight simulators ..... 168 June
Radar, horsepower nomograph for antenna rotators ..... 188 Jan
Radar, microwave remotes aid air traffic control ..... 144 July
Radar, mobile, balloon antenna ..... 198D Nov
Radar, plantinotron increases range ..... 164 Aug
Radar, phase-shift oscillator ..... 160 Oct
Radar speeds air traffic control ..... 196D Jan
Radar telemetering trains pilots ..... 194D Nov
Radar, video recorder ..... 146 Sept

Radiation, see also propagation

Radiation effects on magnetic materials ..... 250D Oct
Radiation, nuclear, designing electronic equipment to resist ..... 155 May
Radiation, reactor, effects of on electronic components ..... 244D May
Radiation whiskers ..... 244D Mar
Radiator, sleeve, tv ..... 208D Mar

Radio, see also communications, broadcast, transmitter, receiver

Radio, announcements selected ..... 158 Oct
Radio astronomy, integrating receiver detects signals below noise level ..... 168 Sept
Radio, changeover of transmitters ..... 138 Sept
Radio, automobile, transistor ..... 192D Sept
Radio-controlled toys use spark gap ..... 190D Sept
Radio, jukebox and tape shows ..... 156 Nov
Radio light ..... 212D May
Radio link uses meteor trails ..... 192D Aug
Radio printer for air commands ..... 194D May
Radio replaces German railway semaphores ..... 194D Jan
Radio, teletypewriter, multiplex ..... 150 Sept
Radio, transistor, push-pull ..... 190D July
Radio transmitter for ionospheric scatter, Hollis, Collins & Schmidt ..... 144 June
Radiophone, aircraft, speeds communications ..... 164 Apr
Radiotelephone, single sideband links Canadian traders ..... 174 Oct
Random numbers ..... 228D Jan
Range, infrared measures ..... 190D July
Range, radar, indicator ..... 160 Oct
Range, radar, increase of ..... 164 Aug
Rapid missile tester ..... 242D Mar
Rate-of-climb meter uses doppler radar, Logue ..... 150 June
Reactor, control, transistor ..... 246D Oct
Reactor, nuclear, designing electronic equipment to be used with ..... 155 May
Reader, film, measuring radar echoes ..... 154 Jan
Readout, time of, boosted ..... 182 June

Receiver, see also f-m, a-m, television

Receiver, a-m, pulse analyzer rejects voice signals ..... 183 Apr
Receiver, tv, galactic noise ..... 198D Aug
Receiver, tv, mechanized production of wiring boards for ..... 138 Apr
Receiver, cordless audio device ..... 200D Jan
Receiver, detector, used to indicate intercarrier failure ..... 188 Mar
Receiver detects signals below noise level, Blair ..... 168 Sept
Receiver, 500-kc pickup, for ship auto-alarm uses computer techniques ..... 180 Feb
Receiver, radio, connected to electric clock time-setter ..... 174 July
Receiver, radio, design simplification by use of tetrajunction transistor ..... 148 Apr
Receiver, radiotelephone, used in aircraft communications ..... 164 Apr
Receiver, remote control ..... 156 Mar
Receiver remote control ..... 149 Feb
Receiver, single sideband links Canadian traders ..... 174 Oct
Receiver, transistor, automobile ..... 192D Sept
Receiver, transistor, push-pull ..... 190D July
Receivers, communications, calibration method ..... 194D Sept
Receivers, multicouple use, by means of distributed amplifiers ..... 176 Apr
Receivers, television, antenna-multiplex system design for ..... 148 July
Reception, multicoupling of receiver antenna by means of distributed amplifier ..... 176 Apr
Reception, tv, sleeve radiator ..... 208D Mar

Recorder, see also recording, measuring, telemetering

Recorder, blood-pressure ..... 232D Mar
Recorder, dielectric, fuses simple pick-up ..... 200D Nov
Recorder, integrating circuit ..... 216D Feb
Recorder, medical, transistor amplifier used in ..... 161 Aug
Recorder, resolution increase ..... 210D Nov
Recorder, tape, radio announcements ..... 158 Oct
Recorder, tv kinescope shutter ..... 186 May
Recorder, video, uses revolving heads ..... 138 Aug
Recorder, video, radar observers ..... 146 Sept
Recording, magnetic-optical sound ..... 192D Aug
Recording, rectilinear, open motor ..... 159 Feb
Recording, telemetering weather ..... 158 Sept
Recording, transistor mixer ..... 248D Oct
Rectangular dark-trace tube, Hottgardt & Heller ..... 208D June
Rectifier locomotive, Wallace & Zehner ..... 220D Mar
Rectifiers miniaturization of electronic equipment—special report ..... 197, 200 Oct
Reference generator for sab systems, Jacob ..... 162 Feb
Reference sheet, amplifier selectivity curves ..... 188 Aug
Reference sheet, coaxial line impedance chart ..... 190 Nov
Reference sheet, coaxial stub design ..... 188 July
Reference sheet, conversion formulas for hybrid parameters ..... 188 Apr
Reference sheet, diode-clamp nomograph ..... 188 Sept
Reference sheet, heater surge chart ..... 188 June
Reference sheet, helical scan nomograph ..... 186 July
Reference sheet, horsepower nomograph for radar antenna rotators ..... 188 Jan
Reference sheet, L-network design ..... 186 Feb
Reference sheet, parallel-T nomograph ..... 192 Nov
Reference sheet, reflection point and angle nomograph ..... 184 Jan
Reference sheet, servo analysis chart ..... 173 Dec
Reference sheet, temperature conversion chart ..... 192 May
Reference sheet, transistor transformer design nomographs ..... 204 Mar
Reference sheet, transmission line impedance measurement ..... 186 June
Reference sheet, waveguide loss charts ..... 210 Oct
Reflection point and angle nomographs, Prihar ..... 184 Jan
Reflection, radio, meteor trails ..... 192D Aug

Reflector, see also antenna

Reflex transistor radio ..... 192D Aug
Regulator, voltage, multivibrator ..... 184 Sept
Relay, lab, transistorized ..... 169 Aug
Relays, miniaturization of electronic equipment—special report ..... 199 Oct
Relays, transistor, have low idling current ..... 147 Dec

Remote control, see also telemetering, radio, receivers, ultrasonics

Remote control receiver, Bohr ..... 149 Feb
Remote visual control of proton beam ..... 194D Jan
Resistance, capacitor insulation ..... 214D July
Respirator, low-mu triode tubes ..... 204D Aug
Response, crystal pickups ..... 181 May
R-F power supply for infrared viewers, Fujii & Kojima ..... 163 Nov
Ridge vane antenna provides constant beamwidth, Scanga ..... 196D Nov
Rocket telemeters weather data ..... 196D Sept
Rural carrier system uses transistors,

S

S-Stachiewicz ..... 146 Aug
S-band array, antenna, for missiles ..... 146 Mar
SADAP, f-m/f-m telemetering ..... 182 Aug
Satellite equipment being assembled ..... 190D Feb

Saturable Reactor, see also reactor, amplifiers—magnetic

Scale, speed indicator, expanded ..... 188 May
Scan, radar helical, nomograph ..... 186 July
Scanner, flying-spot, color tv system uses ..... 138 Feb
Scanner, video, matches photo patterns ..... 154 Aug
Scatter circuits ..... 200D May
Scatter ionosphere, transmitter ..... 144 June
Searchlight, airborne, electronic ..... 196D June
Selective a-f induction signaling, Philipps ..... 180 June
Selectivity, amplifier, curves for ..... 188 Aug
Selector chooses c-w phase, Beifield ..... 202D May
Selector, counter, magnetic drum ..... 161 Apr
Self-deflecting auto rear mirror ..... 196D July

Semiconducting compounds, Coblenz ..... 144 Nov

Semiconductor, see also diode, transistor

Semiconductor, amplifier, low transit time ..... 190D Sept
Semiconductor, flip-flop ..... 165 Sept
Semiconductor, pulse generator ..... 176 Sept
Semiconductors, computer delay ..... 173 July
Semiconductors, minority-carrier life 145 Aug
Semiconductors, used in equipment to production-test transistors ..... 148 Oct
Sensory aid defines lights and marks, Hurtig ..... 162 Feb
Servo analysis chart, Riser and Adler ..... 173 Dec
Servo, hydraulic, speed indicator ..... 188 May
Servo system, navigation trainer ..... 172 Sept
Servo system, stabilization of missile ships ..... 138 June
Servo, testing, power amplifier for ..... 176 May
Setter, electronic time, used to set electric clock ..... 174 July
Shifter, resistive, in phase generator 175 Nov
Ship autoalarm uses computer techniques, Barratt ..... 180 Feb
Ship radar ..... 226D Apr
Shows, radio, jukebox and tape ..... 156 Nov
Shutter, electronic, for tv kinescope recorder ..... 186 May

Signal generator, see also generator, oscillator

Signal generator, vhf, keying of ..... 184 May
Signal, slow-scan, adapter for conventional tv signals ..... 153 June
Signal, time, broadcast sets electric clock ..... 174 July
Signaling, selective a-f induction 180 June
Signals, control system, demodulation —limiter for ..... 155 Sept
Signals, detector below noise level. 168 Sept
Signals, voice rejection of ..... 183 Apr
Silicon diode chopper stabilizes d-c amplifier, Fleming ..... 178 Jan
Silicon diodes as logarithmic elements, Golahny ..... 196D Aug
Silicon diodes protect meters, Smith ..... 224D Oct

Silicon transistor, see also transistor

Silicon transistor crystal oscillators have high temperature stability, Homer ..... 218D Oct
Simple sync circuits time itv systems, Manoogian ..... 174 Mar
Simple transistor sweep generator, Armstrong ..... 202D Aug
Simulating computer ..... 206D Apr
Simulator, automobile driving, shows crash hazards 192D
Simulator, flight, radar ..... 168 June
Simultaneous color-tv test signal, Kennedy ..... 146 May
Single-carrier system for sound and video, Wolfe ..... 151 Jan

Single Sideband, see also ssb

Single sideband, aircraft communications, studied for use ..... 194D Apr
Single sideband links Canadian traders, Horner, Crosby & Coffman .. 174 Oct
Single sideband, reference generator ..... 152 Feb
Sleeve radiator for tv reception, Kearse ..... 208D Mar
Slides, tv chains ..... 182 July
Slides, monochrome, broadcast color ..... 169 Mar
Slow-scan adapter for conventional tv signals, Altes, S. K. & Reed ..... 153 June
Small missile recorder ..... 228D Mar
Solar-flare detection for IGY, Lee .. 162 Mar
Solar powered electric fence charger, Isaacs ..... 188D Dec
Soldering, miniaturization of electronic equipment—special report ..... 202 Oct
Soldering, ultrasonic iron solders aluminum ..... 168 Oct

Soldering & Bonding Techniques

Adhesive replaces solder for wattmeter magnets, Gould ..... 236D May
Automatic tinning of relay springs ..... 244D Jan
Broad vibrator for dip soldering machine ..... 228D June
Conductive wax makes battery connections ..... 244D Aug
Miniature soldering iron ..... 276D Mar
Solder-flux dispenser ..... 294D Mar
Solder preform serves also as heat sink ..... 236D Apr
Solder wave in pot replaces dip soldering ..... 248D Aug
Soldering aluminum coils ..... 256D Apr
Soldering aluminum with vibrating brush on iron ..... 230D Apr
Soldering aluminum without fluxing or cleaning ..... 222D Dec
Ultrasonic soldering of silicon and germanium ..... 246D Apr
Wrapping of leads cuts quality of soldered joints at terminals 240D Aug

Solid state, see also diodes, transistor

Sonar, tracks tagged fish ..... 156 Apr
Sonic, chronograph times supersonic models in wind tunnel tests ..... 152 Apr
Sonic equipment, analyzer for tracing precise curves ..... 184 Mar
Sonic, ultra, elastic moduli measurement ..... 214D Sept
Sonic, ultra, equipment brewery .... 162 July
Sonic, ultra, iron solders aluminum ..... 168 Oct
Sonic, ultra, tracer follows fish ..... 156 Apr
Sonic, ultra, transducer tweeter .... 192D Apr
Sorting, capacitor ..... 177 July

Sound, see also sonic audio

Sound, a-f induction signaling ..... 180 June
Sound and video, single-carrier system for ..... 151 Jan
Sound, delay-line audio ..... 206D May
Sound, electronic organ, uses oscillators ..... 167 May
Sound, equipment used in air-drop system to broadcast messages .... 179 Mar
Sound, gong controls tv sets ..... 156 Mar
Sound, heart beat measured by pen recorder ..... 161 Aug
Sound, magnetic-optical, recording 192D Aug
Spacistor, low transit time semiconductor amplifier ..... 190D Sept
Spark gap, radio-controlled toys. 190D Sept
Speaker, h-f, transducer tweeter.. 192D Apr
Special report, miniaturization of electronic equipment ..... 177 Oct
Speed indicator has expanded scale, Pollard 188
Spot scanner counts micron-sized particles, Mansberg, Yamagami & Berkley ..... 142 Dec
Spot wobble cuts tv screen lines..194D Aug
Sputnik's beep baffles scientists .... 178D Dec
Squelch, mobile impulse signal .... 214D Feb

SSB, see also single-sideband

Stability, oscillator, design of ..... 180 Nov
Stability, phase, color tv ..... 176 Aug
Stability, temperature ..... 218D Oct
Stabilization, induction heater ..... 152 July
Stabilization, missile ships ..... 138 June
Stabilizing d-c amplifier ..... 178 Jan
Standard calls ..... 227D May
Starting point ..... 226D May

Storage, see also memory

Storage, digital-analog converter provides ..... 148 Dec
Storage, 2.5 megabits ..... 162 Oct
Storage, video data ..... 146 Sept
Strain gage system for aircraft telemetering, Brooks & Stephenson 176 Oct
Stroboscope, high speed ..... 224D Feb
Stroboscope, transistorized ..... 147 June
Stub, coaxial, design of ..... 188 July
Subminiature beacon for guided missiles, Cohen & Arany ..... 144 Apr
Superregenerative transistor transceiver, Chow ..... 180 Apr

Supersonic, see also ultrasonic, sonic

Supply aids coupling ..... 198D Aug
Supply, electrostatic generator .... 192D July
Supply, power, design of using transistor inverter ..... 209D Aug
Supply, power, wide-swing choke . 202D July
Supplies, power, miniaturization of electronic equipment—special report ..... 196 Oct
Suppression, voice signal ..... 183 Apr
Sweep generator, transistor ..... 202D Aug
Sweep testing thyratron characteristics, Weissman ..... 206D Dec
Sweep, triangular search ..... 178 Nov
Sweeper determines power-gain parameter, Coffey ..... 201 Mar
Switches, panel, miniaturization of electronic equipment—special report ..... 195 Oct
Switching, core tester ..... 242D Oct
Switching, high current ..... 244D Oct
Switching, transistor, speed of ..... 190 Mar
Symmetry, complementary ..... 206D Sept
Sync generator for dot-interlace tv, Thompson ..... 170 Aug
Sync, noise gating tube for ..... 172 May
Synchronization itv systems ..... 174 Mar
Synchronization, picture-to-audio .. 143 Sept
Synchronization, tv, transistors sync portable tv camera ..... 168 July
Synchronizer, digital, used in transistor multiplex teletypewriter .... 150 Sept

T

TACAN, air-ground data link .... 194D May
TACAN, Vortac beacons ..... 156 June
Tape, magnetic, controls projector synchronism ..... 143 Sept
Tape recorder selects radio announcements, Drenner ..... 158 Oct
Tape, video recording, used in revolving heads ..... 138 Aug
Telephone, Paris, subscriber services ..... 226D Apr
Telephone, rural carrier system uses transistors ..... 146 Aug

Telemetering, see also radar, data gathering, measurement, recorder

Telemetering, automatic data plotter for ..... 182 Aug
Telemetering, buoy telemeters ocean temperature data ..... 164 June
Telemetering, missile uses transistor amplifier ..... 170 May
Telemetering, of ocean data by bathythermometer ..... 142 May
Telemetering, radar, trains pilots ..... 194D Nov
Telemetering, rocket gathers weather data ..... 196D Sept
Telemetering, strain gage system for aircraft ..... 170 Oct
Telemetering system is balloon borne, Novak ..... 158 Sept
Television, control for tv slide chains ..... 182 July
Television, color, indicator simplifies tuning ..... 194D Nov
Television, color, low voltage crt gun ..... 204D Nov
Television, color, monochrome slides broadcast color ..... 169 Mar
Television, color, sync generator .... 170 Aug
Television, color system uses flying-spot scan ..... 138 Feb
Television, color, test signal for .... 146 May
Television, Conelrad control ..... 190D Jan
Television, electronic shutter for tv kinescope recorder ..... 186 May
Television expands teaching staff ..... 192D Feb
Television, flat field generator speeds color tv testing ..... 139 Dec
Television, flat tube for color tv... 190D Feb
Television, industrial, plant observed by ..... 210D July
Television, industrial, slow-scan adapter for conventional tv signals ..... 153 June
Television, industrial, sync circuits time itv systems ..... 174 Mar
Television, intercarrier failure rings alarm ..... 188 Mar
Television, mechanized production of tv wiring boards for receivers .... 138 Apr
Television, miniature itv camera uses drift transistors ..... 138 Jan
Television, monitor, FCC ..... 152 Oct
Television, motion minimizes image orthicon burn-in ..... 189 Aug
Television, portable station for remote pickups ..... 170 Feb
Television, receiver, crt deflection circuit has high efficiency ..... 172 Apr
Television, receiver antenna-multiplex system, design ..... 148 July
Television, receiver, high-frequency circuits use meltback tetrodes ... 177 June
Television, receiver, noise gating tube for agc and sync ..... 172 May
Television, sleeve radiator ..... 208D Mar
Television, transistors boost video for tv studio monitors ..... 205 Oct
Television, transistors synchronize portable tv camera ..... 168 July
Television, ultrasonic gong controls tv sets ..... 156 Mar
Television, video tape recorder uses revolving heads ..... 138 Aug
Temperature, body, response of by infrared detector for diagnosis .... 155 Oct
Temperature, compensation of silicon transistor amplifiers ..... 184 July
Temperature compensation, transistor amplifiers, by means of thermistors ..... 169 Jan
Temperature conversion chart ..... 192 May
Temperature, high, subassembly design ..... 158 May
Temperature, low, effects of on electronic components ..... 196D Apr
Temperature, measurement of oil in refinery tanks by computer..... 143 Oct
Temperature, ocean, buoy telemeters data of ..... 164 June
Temperature, ocean measurement.. 142 May
Temperature, over thermostat .... 222D Oct
Temperature, stability, oscillator.. 218D Oct
Test and pumping equipment for microwave tubes ..... 194D Feb

Test equipment, see also meter, instrument measurement

Test equipment, chronograph, for timing supersonic models in wind tunnel tests ..... 152 Apr
Test equipment, compliance meter tests phono cartridges ..... 206 Oct
Test equipment, dual triode tester measures tube balance ..... 194 Mar
Test equipment, flight simulator tests fire-control radars ..... 168 June
Test equipment for checking tube grid emission ..... 238D Mar
Test equipment, for measuring interelectrode capacitance ..... 230D Apr
Test equipment for transistor production, Jacobsen & Tinsley ..... 148 Oct
Test equipment, ground-controlled drone tests missiles ..... 182 Mar
Test equipment, high speed strobe checks tube vibrations ..... 224D Feb
Test equipment, magnetically-deflected 21-inch oscilloscope ..... 159 July
Test equipment, for measuring parameters of junction transistors .... 174 Aug
Test equipment, measuring particle-induced ignition by counter circuits ..... 150 May
Test equipment, portable transistor frequency standard ..... 194D June
Test equipment, preset gating unit for aeroballistic testing ..... 164 May
Test equipment, production, core tester simplifies ferro-amplifier design.. 150 Aug
Test equipment, reference generator for ssb systems ..... 152 Feb
Test equipment, speed indicator for hydraulic servo systems ..... 188 May
Test equipment, time-measuring, uses interleaved pulse technique .... 186 Apr
Test equipment, transistor beta tester ..... 198D May
Test equipment, transistor beta tester ..... 212D Aug
Test equipment, used to check magnetic drum operating characteristics ..... 161 Apr
Test equipment, vf sweep generator determines power gain parameter of transistors ..... 201 Mar
Test, Foucault knife-edge, for focusing oscilloscope cameras 192D
Tester checks grid emission, Bramsen ..... 238D Mar

Testing, see also measurement, test equipment, meter, instrument

Testing, antenna test chamber .... 212D Sept

Testing, electrical noise interference, shield for aircraft and missiles ....236D Aug
Testing, electronics controls gas chromatography ....164 Nov
Testing, flat field generator speeds color tv check ....148 Dec
Testing, long scope probe for checking digital computers ....206D Sept
Testing, photoelectric target for missile tests ....141 Nov
Testing, power amplifier for aircraft and slipboard servo systems ....176 May
Testing, production, bridge sorts capacitors to tolerance ....177 July
Testing, radiation effects on magnetic materials ....250D Oct
Testing, stroboscope measures shaft torque ....147 June

Testing Techniques
Automatic tapper for vacuum-tube testing, Meagher ....260D Feb
Cable tester for fire control systems ....226D June
Card-programmed automatic tester for ganged potentiometers ....224D Sept
Card-programmed transformer winding resistance tester ....224D July
Chassis rack pivots and rotates on test bench ....230D Feb
Checking end play in servo motors ....252D July
Electronic gage sorts mica automatically ....228D July
Lab benches have outlets for three power services ....214D Dec
Leak detector for hermetic seals, Schumacher ....284D Mar
Sound booth reduces shaker noise during vibration tests ....222D June
Transformer turns-ratio tester has digital read-out ....222D June

Tetrajunction transistor simplifies receiver design, Farber, Proudfit, St. John & Wilhelmsen ....148 Apr
Tetrodes, meltback, high-frequency circuits use ....177 June
Thermistors compensate transistor amplifiers, Wheeler ....169 Jan
Thermostat, oven, inexpensive ....222D Oct
Three-dimensional printed wiring, Guditz ....160 June
Three oscillator designs standardize circuitry, Gruen ....177 Aug

Thyratron, see also tube
Thyratron, grid-operated 214D
Thyratron, wide range a-c timer uses ....240D Oct

Thyratrons control die-cutting machine, Bradley ....162 Jan
Thyratrons oust rotary selector in mobile phone, Ornstein ....156 Nov
Thyratrons stabilize induction heaters, Fraser & Hopkins ....152 July
Time-signal broadcast sets electric clock, Ives ....174 July
Timer, a-c, wide range ....240D Oct
Timer, digital, used to boost readout time of printer ....182 June
Timer, for measuring supersonic models in wind tunnel tests ....152 Apr
Timer, gate tube generates interleaved pulse chain ....186 Apr
Timer, preset gating unit for aerobalistic testing ....164 May
Tone, standard, dual fork driven ..196D Feb
Tones monitor heart's electrical action, Morris & Swanson ....160 Nov
Tools, special, miniaturization of electronic equipment—special report ....202 Oct
Toroid, field direction oscillator ....298D Feb
Toroid measures spot weld current, Zimmerman ....132 Dec
Torsional wave delay lines ....212D July
Tower air monitor for broadcasters ....190D Jan
Toys, radio-controlled ....190D Sept
Tracking, ultrasonic, to follow tagged fish ....156 Apr
Tracks, magnetic sound recording ..192D Aug
TRADIC, clock for ....196D June
Trainer, navigation, controls ship models ....272 Sept
Transceiver, dual-purpose circuitry cuts size of ....134 Dec
Transceiver, 6-meter, superregenerative transistor ....180 Apr
Transducer, magnetostriction, used to bubble beer in brewery ....162 July
Transducer, miniaturization of electronic equipment—special report ....185, 194 Oct
Transducer, ultrasonic, tweeter ....192D Apr
Transducer, used in measuring ocean temperature ....142 May
Transducer, tracking fish ....156 Apr
Transformer, d-c ....224D May

Transistor, see also semiconductor, diode, germanium, silicon, junction
Transistor, airborne infrared warning system measures 196D
Transistor amplifier for medical recording, McKinley & Richards ....161 Aug
Transistor, amplifier, thermistors compensate ....169 Jan
Transistor, amplifier, used in missile telemeter ....170 May
Transistor, amplifier used with crystal pickups ....181 May
Transistor, audio induction paging system ....178 Feb
Transistor, audio mixer for tape recording ....248D Oct
Transistor, automobile receiver ....192D Sept
Transistor, basic logic circuits for computer applications ....196 Mar
Transistor, bathythermometer amplifier ....194D July
Transistor, bathythermometer telemeters ocean data ....142 May
Transistor beta tester, Montgomery ....198D May
Transistor beta tester, Harmer ....212D Aug
Transistor, boosting switching speed of ....190 Mar
Transistor, buoy telemeters ocean temperature data ....164 June
Transistor complementary symmetry, Tarui ....200D Sept
Transistor, computer delay unit uses semiconductors ....173 July
Transistor, conversion formulas for hybrid parameters ....188 Apr
Transistors, crystal oscillators have high temperature stability ....218D Oct
Transistor, demodulator-limiter for control system signals ....155 Sept
Transistor, detector for locating ducts and pipes ....172 Jan
Transistor, determining power gain of by vf sweep generator ....201 Mar
Transistor, ERNIE computer ....138 July
Transistor, high-frequency circuits use meltback tetrodes ....177 June
Transistor, high-reliability counter ..171 June
Transistor, high-speed computer stores 2.5 megabits ....162 Oct
Transistor, infrared detector aids medical diagnosis ....155 Oct
Transistor, instantaneous speech compressor ....168 Feb
Transistor inverters power Vanguard rocket ....203D Apr
Transistor, junction, measuring parameters of ....174 Aug
Transistor, junction, used in pulse generator ....176 Sept
Transistor life test ....204D July
Transistor, light actuated counter ....212D Mar
Transistor, low power drives r-f power amplifier ....214D May
Transistor, magnetic field pickup follows buried cables ....156 Sept
Transistor, miniaturization of electronic equipment—special report ..185 Oct
Transistor, monovibrator has fast recovery time ....158 Dec
Transistor, navigation trainer control ....172 Sept
Transistor null detector has high sensitivity, Todd ....184 Feb
Transistor phase detector ....196D July
Transistor phonograph preamplifier, Purr ....204D May
Transistor, portable, frequency standard ....194D June
Transistor, portable tv station for remote pickup ....170 Feb
Transistor, preamplifier for ceramic pickups ....200D Aug
Transistor, precise heat for growing silicon crystals ....164 Feb
Transistor, puncher transcribes computer output ....164 Dec
Transistor, push-pull output radio receiver ....190D July
Transistor relays have low idling current, McKinley ....147 Dec
Transistor, remote control receiver ....149 Feb
Transistor, rural carrier system uses ....146 Aug
Transistor, S-band transponder used to generate beacon for guided missiles ....144 Apr
Transistor, simple sweep generator ....202D Aug
Transistor, strain gage system for aircraft telemetering ....170 Oct
Transistor, superregenerative 6-meter transceiver ....180 Apr

Transistor Techniques
Automatic turntable feeds transistor cap welder ....232D Feb
Juke-box transistor tester lights up sorting glasses ....240D Aug
Purifying silicon ....242D Sept
Transistor, test equipment for transistor production check ....148 Oct
Transistor tetrajunction, simplifies receiver design ....148 Apr
Transistor transformer design nomographs, Savant & Savant ....204 Mar
Transistor, transmitter for forty meters ....194D Feb
Transistor tuned oscillators, Armstrong ....218D Feb
Transistor, two-collector for binary full addition ....214D Oct
Transistor, ultrasonic tracer follows tagged fish ....156 Apr
Transistor, unijunction, forms flip-flop ....165 Sept
Transistor, used in crt deflection circuit provides high efficiency ....172 Apr
Transistor, used in amplifiers temperature compensation of ....184 July
Transistor, used in power supply inplace of vibrator ....224D May
Transistor, uses annular construction ....94D Oct
Transistor, vif oscillator keys vhf generator ....184 May
Transistor, voltage regulator uses multivibrators ....184 Sept
Transistorized afc uses triangular search sweep, Hoge & Spotten ....178 Nov
Transistorized guidance system feeds chickens, Knight ....156 Feb
Transistorized lab relay, Gill ....169 Aug
Transistorized multiplex radio-teletypewriter, Wray ....150 Sept
Transistorized reactor control ....246D Oct
Transistorized strobe measures shaft torque, Patrajko ....147 June
Transistors boost video for tv studio monitors, Merson ....205 Oct
Transistors, drift, miniature itv camera uses ....138 Jan
Transistors generate geometric scale, Gott & Park, Jr. ....180 Jan
Transistors, irradiating ....125 Dec
Transistors stabilize missile ships, Scheib, Jr. ....138 June
Transistors synchronize tv camera, Kinoshita, Fujimura, Kihara & Mii ....168 July
Transit time, low, semiconductor amplifier ....190D Sept
Transitions, tapered waveguide, design of ....183 Nov
Transmission line impedance measurement, Mathis ....186 June
Transmission, lossy line filter uses ferrites ....204D Apr
Transmission, rural telephone, carrier system uses transistors ....146 Aug

Transmitter, see also broadcast, communications, uhf, vhf, video, ssb, double sideband
Transmitter, airborne fluid cooling of ....170 July
Transmitter, audio clipper extends coverage ....204D Feb
Transmitter, broadcast, automatic changeover ....138 Sept
Transmitter, broadcast modulation monitor ....200D July
Transmitter circuits for suppressed carrier a-m, Costas & French ....128 Dec
Transmitter coils trimmed by series gate modular, Bear ....167 Nov
Transmitter, high power c-w, protection against dash-arc ....175 June
Transmitter, mobile frequency monitor covers itv stations for FCC ....152 Oct
Transmitter, radio, for ionospheric scatter ....144 June
Transmitter, radiotelephone, to speed aircraft communications ....164 Apr
Transmitter, reference generator for ssb system ....152 Feb
Transmitter, selective a-f induction signaling ....180 June
Transmitter, single carrier for sound and video ....151 Jan
Transmitter, single sideband links Canadian traders ....174 Oct
Transmitter transistor, forty meters ....194D Feb
Transmiting tube developments ....200D Apr
Transmitter tuned by distortion indicator, Ellis, Owen & Weatherup ..180 Sept
Transmitter, tv portable station for remote pickups ....179 Feb
Transmitter, tv, transistors sync portable tv camera ....168 July
Transmitter, ultrasonic gong, for control of tv sets ....156 Mar
Transponder, S-band, used to generate beacon for guided missiles ....144 Apr
Traveling wave amplifiers under test ....209D Jan

Trays, for production use
Circular plastic trays hold components ....236D Apr
Wood trays hold printed wiring boards ....232D Apr
Tristable gate moves cro line drawings, Ryan ....178 May
Tube, color crt, low voltage gun used in ....204D Nov
Tube, crt, back window ....202D Nov
Tube, crt, deflection circuit for has high efficiency ....172 Apr
Tube, crt display, rectangular darktrace ....208D June
Tube, crt, magnetically-deflected 21-inch oscilloscope ....159 July
Tube, dual-triode, measuring balance of by tester ....194 Mar
Tube, flat, for color tv ....190D Feb
Tube, gating, generates interleaved pulse chain ....186 Apr
Tube, heater surge chart ....188 June
Tube, heaterless, secondary emission ....190D Jan
Tube, high speed strobe checks vibrations of ....224D Feb
Tube, ignitron, rectifier for locomotives ....220D Mar
Tube, image orthicon, motion minimizes burn-in ....180 Aug
Tube, low-mu triodes control power ....204D Aug
Tube, measurement of interelectrode capacitance by means of tester ....220D Apr
Tube, microwave, platinotron increases search radar range ....164 Aug
Tube, movable-anode, transducer ....232 Mar
Tube, noise gating for age and sync ..172 May
Tube, photo, checks razor blades in production ....190D June

Tube Production Techniques
Air shipment pack for large magnetrons, Sutherland & Maitland ....236D June
Automatic x-raying of 18,000 tubes a day ....230D July
Chromized grid mandrels resist brazing ....284D Oct
Detecting oil on punched mica parts ....234D Jan
Etching klystron grids ....248D Apr
Heat shields and sinks improve reliability ....240D Sept
Machine inserts tubes in cartons ....278D Mar
Magnetic rings hold tiny tube parts ....246D Aug
New shipping pack swings vacuum tubes in plastic pouches ....257D Oct

Transparent conductive tube coatings ..... 256D July
Tube, tester checks grid emission ..... 238D Mar
Tube, thyratron, grid-operated ... 214D Mar
Tube, thyratrons, stabilize induction heaters ..... 152 July
Tube, transmitting, flash-rec ..... 175 June
Tube, tv camera pickup ..... 170 Feb
Tube, voltage-tuned magnetron ... 162 May
Tubes and transistors, miniaturization of electronic equipment—special report ..... 200 Oct
Tubes, thyratrons for controlling die-cutting ..... 162 Jan
Tuned oscillators, transistor ..... 218D Feb
Tuning, color tv, indicator simplifies ..... 194D Nov
Tuning, fork-driven dual tone standard ..... 196D Feb
Tuning, transmitter, by distortion indicator ..... 180 Sept
TV, see also television
TV checks die positions ..... 220D Oct
TV, receivers, galactic noise effects ..... 198D Aug
TV, spot wobble cuts tv screen lines ..... 194D Aug
Tweeter, ultrasonic ..... 192D Apr
Two-channel mixer for tape recording, Ferrara ..... 248D Oct
Two-collector transistor for binary full addition ..... 214D Oct
Two-megawatt klystron ..... 248D Mar
Two-thousand mc scatter link ... 216D Oct
TX-2, computer, stores 2.5 megabits ..... 162 Oct
Typewriter, electronic ..... 206D June

U

UHF, transmitter tuned by distortion indicator ..... 180 Sept
Ultrasonic, see also sonic, sound, generator
Ultrasonic cleaner ..... 224D Mar
Ultrasonic gong controls tv sets, Adler, Desmares & Spracklen ..... 156 Mar
Ultrasonic iron solders aluminum, Scarpa ..... 168 Oct
Ultrasonic, propagation test ..... 143 Jan
Ultrasonic surgery ..... 228D Aug
Ultrasonic tracer follows tagged fish, Trefethen, Dudley & Smith ..... 156 Apr
Ultrasonic transducer serves as tweeter ..... 192D Apr
Ultrasonic bubbles beer in brewery, Davis ..... 162 July
Ultrasonics, measuring elastic moduli by ..... 214D Sept
Unijunction transistor forms flip-flop, Keonjian & Suran ..... 165 Sept

V

Vacuum Tube, see also tube
VHF, galactic noise ..... 198D Aug
VHF, generator keyed by vlf oscillator ..... 184 May
VHF rheostat, Wrigley & Scott, Jr. 196D Dec
Vibration, designing airborne equipment for ..... 166 Jan
Video, see also television, tv, broadcast, transmitter, receiver, amplifier, recording
Video recorder trains radar observers, Heintz ..... 146 Sept
Video recording, electronic shutter .. 186 May
Video recording, new type of recorder uses revolving heads ..... 138 Aug
Video scanner matches photo patterns, Oelbermann ..... 154 Aug
Video, single-carrier system for sound and ..... 161 Jan
Video, tape recorder uses revolving heads, Snyder ..... 138 Aug
Video, transistors boost for tv studio monitors ..... 205 Oct
VLF oscillator keys vhf generator, Dulberger ..... 184 May
Voltage multiplier ..... 236D Mar
Voltage regulator uses multivibrators, Sciam ..... 184 Sept
Voltage-tuned magnetron for f-m applications, Bristol & Griffin, Jr. ..... 162 May
VOR-DME, air ground data link to cut stacking ..... 194D May
VOR-DME, Vortac beacons for rho-theta navigation ..... 156 June
Vortac beacons for rho-theta navigation, Caporale ..... 156 June

W

WMGM tests CSSB ..... 222D Feb
Waveguide, see also microwave, uhf, vhf
Waveguide loss charts, Pomeroy .... 210 Oct
Waveguide, tapered transistions, design of ..... 183 Nov
Waves, radio, luminous power from ..... 212D May
White Alice link completed in Alaska ..... 192D Jan
Wide range a-c timer, Fraser .... 240D Oct
Wide-range analyzer traces precise curves, Feldman ..... 184 Mar
Wide-swing choke, Weil ..... 202D July
Wire Production Techniques
Cable-stripping knife ..... 254D May
Chrome-plated mold for connector potting ..... 233D May
Connector holder ..... 230 Apr
Contrahelical plane'ary cabler for missiles ..... 232D July
Cutting and stripping long coaxial cables ..... 256D Mar
Cutting armored cable ..... 252D Apr
Ferrule-applying tools for shielded wire ..... 248D May
Harness board holder ..... 276D Oct
Nylon rollers added to wire-cutting machine ..... 282D Oct
Potting of connectors cuts airborne weight, DeLaHaye ..... 230D Sept
Rat trap holds plugs ..... 282D Aug
Splicing multiconductor shielded cable ..... 232D Dec
Spool guard stops snarls on wire rack ..... 234D May
Typist's guide minimizes errors in preparing computer cables .... 228D Apr
Ultrasonic welding joins foil to wires, Ware & Fallon ..... 216D Dec
Wire holders on nippers ..... 248D Apr
Wire-twisting methods ..... 242D Apr
Wiring, three-dimensional printed .. 160 June
Writer, electrostyl ..... 206D June

X

X-band array, antenna, for guided missiles ..... 166 Mar
X-band, ferrite-rod antennas ..... 159 Jan
X-ray, level indicator for liquids ..... 196D Jan

Industry Report Index 1957

Aircraft
ACSA set up to push development .14 Mar
Air Force expands modernization .. 10 May
Aircraft electronics levels off ..... 8 Feb
Assembly-line machine-gun ..... 14 May
Beacon tells pilot airport heading .. 22 Oct
Bendix analyzer checks spark plugs .24 Jan
Carrier aircraft land no hands ..... 7 Oct
Computer solve problems ..... 22 Feb
Doppler navigation systems ..... 24 Feb
Electronics will conquer the poles .. 14 Jun
Flight simulators enter new market ..... 14 May
Jet electronic needs add to design problems ..... 16 Apr
Manufacturers cash-in on Hustler .. 26 Feb
Plane maker turns to instruments .. 12 Nov
SAC shows B-52 electronics ..... 10 Jan
Standards for design and reliability .14 Jul
Testing aircraft equipment components ..... 16 Aug
Transistorized intercommunications system ..... 16 Aug
TWS radar system tracks 72 targets ..... 24 May

Business and Finance
Amphenol Great Britain Ltd ..... 12 Aug
Custom tubes produce undreamed-of markets ..... 10 Dec
Daystrom plans debentures ..... 12 Feb
Eitel-McCullough 1956 net profit .... 12 Jun
Electronics boosts magnesium sales .16 Jul
Electronics sinks new roots ..... 24 Mar
Envelope sales keep growing ..... 26 Mar
Exports trail 1956 record ..... 26 Dec
GE sales in 1956 ..... 14 Apr
General Instrument acquires Radio Receptor ..... 12 May
General Transistor issues common Webcor cash dividend ..... 10 Jul
Higher sales than in 1956 expected for 1957 ..... 10 Mar
Hotels are big market ..... 12 Aug
Magnetic recording adds volume .. 12 Mar
Microwave Associates ..... 10 Jul
Mid-Continent Manufacturing's Datron Electronics Div ..... 12 Aug
Models mean business ..... 26 Sept
NCR debentures ..... 12 Jan
New England outlook bright ..... 8 Aug
NICB survey on outlook ..... 12 Oct
Radiation safety boosts sales ..... 29 Apr
Radio, phonograph sales zoom ..... 7 Jul
Semiconductor sales to triple ..... 16 Jan
Small sets do big business ..... 20 Mar
Vitro Corp of America ..... 10 Sept
World radio sets gain 20% ..... 26 Aug

Communications
Bell Labs TH system eases overload .20 Jul
Forward scatter links NATO nations .24 Jul
High-band mobile patrols turnpike .22 Aug
Mobile radio dials phone calls ..... 7 May
Multiplex f-m gathers momentum ... 8 Mar
National Bureau of Standards broadcast for IGY ..... 28 Aug
Nations plan North Atlantic link .... 8 May
Old tubes ..... 16 Oct
Passive radar techniques uses microwaves ..... 7 Aug
Push button dialing radiotelephone .12 Oct
Tellurometer with radiotelephone .. 10 Sept
Tropo-scatter begins to hop ..... 7 Jul
Utilities eye microwave channels .. 22 Sept

Computers
Addverter aids ICBM tests ....18 Jul
Board Plots Business Trends ....16 Dec
Business demands more computers.26 Apr
Cal Tech man teaches computer how to translate ....16 Aug
Centers increase fast ....22 Mar
Computer applications increase ...14 Sept
Computer approaches 5,000 mark...8 Nov
Computer solves problems in flight test data reduction ....22 Feb
Computer use in industry expands..20 Jan
Computers replace celestial dome...16 Oct
Datatron ....26 Oct
Digital computer completely transistorized ....26 Aug
Electronic strategist directs defense..22 Jul
Electronics dissolves data storage pile-up ....7 Apr
High-speed TRANSAC C-1....16 Aug
Instrument makers appraise developments ....8 Oct
Market takes on more computers..26 Jun
MIDAC ....20 Jan
Military spurs computer work....16 May
Mobile combat computer, MOBIDIC.16 Aug
More computers go to colleges....7 May
More railroads choose electronics..20 May
New application on TV ....20 Jan
New concept in memory devices...7 Dec
New transistorized digital computer ....16 Aug
Oil industry looks to computers....22 Dec
Plug-in type computer uses printed circuits ....24 May
Radar-computer finds mortars ....26 Mar

Sideband Faces Tests.....30 Sep 10
Sideband Goes to Work.....37 Oct 20
Soviets Push Microwave.....40 Jul 10
Station Income Grows.....10 Sep 10
Studio Cameras 25% of Market..25 May 10
TASO Gets to Work.....39 Apr 20
TELE-Education Gets Test....37 Mar 10
Theater Tv Trips Many.....24 Feb 10
Toll-Tv Test Looms.....33 Jul 20
Transistor Switching.....23 July 20
Tv, Fax Sell Tickets.....22 Mar 10
Tv Nets Swing to Tape.....31 Nov 20
Tv Translators on Upswing....31 Dec 20
Vhf Bags Baghdad Thieves....24 Apr 10
Vhf Boosters Get New Look....37 Sep 20
Videotape Aimed at DBT.....41 Apr 20
Wire Pay-Tv vs Broadcast....37 Aug 20
61 Tv Translators in Works....39 Feb 20
2,414 Microwave Stations.....24 Jan 20
27,000 Use Radio Paging.....39 May 10

Components

Accent Shifts in Components..13 Feb 10
Announces Diffused Silicon Transistor
4 May 20
Baby Batteries Sell Big.....24 May 20
Boost 110° Tube Output.....21 Apr 10
British Rushing Transistors....36 May 20
Capacitor Sales.....16 Apr 20
Components Rise Seen for India
43 Aug 20
Crystal Filters Bolster Market..24 Oct 10
Diode Sales to Double by '60...28 Mar 20
Eyes on Alloy Diode.....39 Aug 20
Flat P-C Cable Changes Designs
28 Aug 10
Garnets Enter Electronics.....30 June 20
Glassmaker Turns to Tubes....20 Sep 20
HELPR Aids Parts Choice.....28 Sep 10
Ignitrons Gross $3 Million.....42 Apr 20
Industrial Tube Sales.....16 Jan 10
Magnetics vs Transistors.....15 Feb 20
Military Wants 99.99% Relays..40 Sep 20
New Hardware Counters Stress..39 Sep 20
New Solid Rectifier.....30 Dec 20
Parts Distributors' Sales Climb Slightly
20 Nov 20
Parts Price Cuts Hurt.....41 Jun 20
P-C Users Face Problem.....41 Dec 10
Picture Tube Price Up.....30 Sep 10
Picture Tube Sales Dip.....16 Sep 20
Quality Hunt Gets Hot.....21 Oct 10
Receiving Tube Production... 16 Feb 20
Rectifier Pattern Shifts.....14 Feb 10
Resistor Sales.....16 Apr 10
Silicon Cells Lead.....21 May 10
Store-Bought Electronic Circuits
20 Jul 20
Tape at $335 a Mile.....30 Oct 10
Thermister Uses Grow.....28 May 10
Thyratrons to Rise 50%.....42 Feb 20
Transistor Prices Ease.....40 Mar 20
Transistor Sales Potentials....16A Jan 10
Transistor Sales Rise.....29 Jun 20
Transistors Enter Transmitter Field
25 Jan 20
Transistors to Top Thirty Million
16 Aug 20
Tube, Transistor and Diode Types Multiply
16 May 10
Twts Join Magnetrons.....15 Jul 20
Video Tape Ahead for Home....26 Feb 20
Video Tape Proves Itself.....37 Jan 20
Wax Batteries Look Promising..35 Nov 10

Consumer Products

Amateur Radio.....24A Sep 20
Boating Market Still Small....24 Mar 20
Builders Show Puts Electronics in Home
12 May 20
CATV Systems Now Number Over 500
37 Jan 20
Census Verifies '56 TV Dip.....20 Sep 10
Color Test Gear Needed.....28 Mar 20
Electronic Toys Make Big Hit..30 Dec 20
French Tax Hurts Tv.....42 Oct 20
Gimmicks Needed in Tv?.....22 Mar 20
Homes Wired for Sound?.....22 May 10
Households with Television Sets.16 Mar 20
Hungary Tells of Tv.....44 Feb 20
Kids Want Electronic Toys ...40 Feb 10
Magnetics Walk the Boards....29 Aug 20
Movies Expand Magnetic Sound..23 Jul 20

Music Sells Tubes....29 Aug 20
New Gear Aids Color Tv....26 Nov 10
New Hotel Goes Electronic....22 May 20
New Shortwave Sales....26 Apr 20
Opener Opens Market....40 Jun 10
Phono Sales Press $1½-Billion..40 Feb 10
Plan Color Tv Push....26 Jun 20
Radio Amateurs Explain Needs..40 Sep 20
Radio Sales Climb 25%....37 Apr 10
Radio Set Production....16 Jan 20
Reveal Tapebook....28 Apr 10
Size Sells Hearing Aids....39 May 10
Style, Price Sell Boat Gear....24 Apr 10
Tv Market Looks Good....22 Aug 20
Tv Sales Near '56 Level....22 Oct 10
Tv Set Production....16 Feb 10
Tv Setmakers Retrench....15 Feb 10
Tv Sets Go A-c/D-c....22 Mar 20
UK Plans Color Test in Fall....30 Apr 20
Want a Tall Tv Tower?....37 Feb 10
Want Private-Label Work?....15 Apr 20
West Germany Sells Style....43 Oct 10
World Radio and Tv Gain....18 Oct 10
Your Stake in Color-Tv....15 Jan 10
1/5 of Servicemen Can Fix Color 31 Feb 20
4-Speed Phonos Enter Market..25 May 10
73 Plan Educational Tv....37 Mar 20
